

SYSTEM DETERGENT-AMF

Remidiation of algae, fungal and mould infestation

Consumers

Product No.: 320012000

Product Information:

Properties:

- for removing tenacious organic soiling like bacteria, fungi and algae
- broad spectrum of active substances

Application:

on upright surfaces

An ready-to-use, algicidal and fungicidal solution for the pretreatment of surfaces infested with micro-organisms. Wait at least 12 hours before applying the new coat etc.

Thoroughly brush off the infested surfaces. Then apply a saturated film to the surface.

Do not dispose of with the household waste! Dispose of product residues in hazardous waste dump or collection points for hazardous substances! Do not allow the material to enter the drainage system, water courses or soil.

Keep out of reach of children. Wear chemical resistant gloves. In case of contact with the skin immediately rinse with plenty of water and soap.

Always carry out a preliminary test to determine the compatibility of the substrate to be treated and to determine consumption.

Please note:

Use biocidal products carefully. Always read the label and product information before use.

Ingredients:

2.9 % quaternary ammonium compound (BAC C12-16)

< 0.1 % octylisothiazolinone

Quantities to use:

150 - 300 g/m²

The treated surfaces can be used during the reaction time.

The product has an excellent compatibility of materials. On sensitive materials check the compatibility on a hidden spot.

Specifications:

Appearance: liquid

Colour: colourless

Density: 1.00 ± 0.02 g/ml

Approval No.:

BAuA-Reg.-No.: N-68309

Storage:

Under normal storage conditions (closed container, 20 °C) minimum shelf-life 5 years

Protect from frost, direct sunlight and contamination.

Packaging:

Can 20 kg and 5 kg, Bottle 1 kg

Other delivery quantities on request

Safety Rules:

See EC safety data sheet.

The product should only be used with suitable protective gloves (EN 374) and safety goggles (EN 166).

When cleaning, ensure good ventilation (5 to 15 air changes per hour) or use suction devices.

Do not mix with other products. Do not use inside.

Restriction of use for SWITZERLAND

From 1.12.2020, green film removers may only be used in Switzerland for applications on facades, irrespective of the active substance they contain (ChemRRV of 17.4.2019; Annex 2.4, Number 4). Use on roofs and terraces, on storage areas, on and along roads and railways is prohibited from that date.

Assistance:

Please contact our Technical Application Centre.

Industrial use:

Use biocidal products carefully. Always read label and product information before use.

Commercial use:

Use biocidal products carefully. Always read label and product information before use.

Consumers:

Use biocidal products carefully. Always read label and product information before use.

Environmental Exposure:

Do not allow undiluted product or large quantities of it to reach ground water, water bodies or the sewage system.
